

NORTH RYDE SOCCER CLUB

2010 SENIORS REPORT

Season 2010 saw North Ryde Soccer Club field 9 senior teams in the GHFA Association. Three of them were in the more senior Over 35 divisions. They being 35/2s, 35/5s and 35/6s which is our Club's highest representation in this Division. In all NRSC had 50 registered Over 35 players.

The remainder six senior teams were in the All Age Divisions. We were represented in AA/4s, AA/6s, AA/10s, AA/12s, AA/13s and AA/15s whereby we had 89 registered players.

We had a total of 139 registered players in the senior ranks which is an increase from last year's 134 registrations.

Season highlights included two Round Robin Winners in AA10s and AA12s. We also had our top four All Age teams finishing second in their respective competitions during the regular season. AA/12s went agonising close to being Premiers as they missed out by only a two goal point difference.

Over 35/2s just missed out on being Pennant Winners by goal difference as well.

In summary, it was successful season with feedback from the Team Officials mostly positive. We had an issue of one team forfeiting their last two games which is costly due to GHFA fines so that will need to be addressed as we move forward.

Wednesday night training is still congested but the teams accepted the difficulties of having our field utilised by another club during peak times. We scattered training over 3 nights.

Playing shirts have dwindled in number for most teams but we have ordered and received a number of spare shirts to make up the numbers for each team in future years. Teams were adequately supplied with balls and training equipment.

Next year we will look to field an over 45s team adding to our broad range of age and talent within the club.
